SUMMARY

Software Developer with expertise in front-end and full-stack development. Skilled in **JavaScript, React.js, Next.js, HTML5, CSS, State management and Performance O** to build high-performance web applications. Experienced in **REST APIs** and **database management using Prisma ORM**, optimizing data handling and backend performance. Passionate about building scalable and responsive applications, optimizing performance, and enhancing user satisfaction. Holds a **Bachelor's in Computer Science and an MBA**, combining technical proficiency with business acumen to deliver innovative solutions.

WORK EXPERIENCE

Technical Mentor / Software Developer – Kalvium   **October 2023 - Present**

- **Designed RESTful APIs** and integrated back-end services using **Node.js and MongoDB**, reducing API response time by **40%**.
- **Mentored 100+ students** in data structures, algorithms, and full-stack development, helping improve coding efficiency and problem-solving skills.
- **Developed and optimized** web applications using **React.js, Next.js and TailwindCSS**, improving UI responsiveness by **35%**
- **Conducted code reviews** and implemented best practices, reducing bugs in student projects by **30%**.

PROJECTS

Forzo Industries – Full-Stack Business Website (Freelance Project)

📅 **March 2024** | 🔗 fozo.in

Overview
Designed, developed and deployed a fully responsive, optimized business website using Next.js 15, completing the project from concept to production in 4 weeks.

Tech Stack & Implementation
- **Next.js 15:** Built a **server-side rendered (SSR) application** with the App Router, improving SEO and load times.
- **ShadCN:** Developed an intuitive UI/UX with modern accessible components to enhance user experience.
- **Nodemailer:** Integrated **SMTP email automation** for the careers page using **Nodemailer,** allowing seamless resume submission.
- **Vercel Deployment:** Managed the complete **production deployment,** including **domain configuration & DNS setup**

TECHNICAL SKILLS

Programming Languages
- JavaScript, TypeScript, Python, C++

Web Development
- **Front-End**: React.js, Next.js, Redux Toolkit, Tailwind CSS
- **Back-End**: Node.js, Express.js, Prisma ORM, MongoDB, REST APIs
- **Databases**: MongoDB, PostgreSQL, Firebase

Tools & DevOps
- Git, Docker, Vercel, Postman, CI/CD Pipelines

Core Computer Science Concepts
- Data Structures & Algorithms, Operating System

EDUCATION

Full Stack Developer - MASAI School, Bengaluru　　　　　　　**Aug 2023 - Sept 2024**

Master of Business Administration - IMED, Pune　　　　　　　**June 2020 - July 2022**

Bachelor of Commerce in Computer Application - GS College　　**Aug 2017 - May 2020**
